

# Tucker PATH - Trails Master Plan

*Proposed trail bridge over Hwy 78 at Idlewood Rd.*

The goal of the Tucker Trails Master Plan is “to provide a safe, enjoyable, convenient, and attractive trail system for everyone in the City of Tucker”.

## *What is the Tucker Trails Master Plan?*

The Trails Master Plan is intended as a guide for implementing a greenway trail system within the City of Tucker. Destinations include: Stone Mountain Trail, parks, schools, shopping centers by a safe, enjoyable bike and pedestrian facility separated from traffic.

*Proposed greenway trail on Idlewood Rd.*

## *How is the Tucker Trails Master Plan different from the Strategic Transportation Plan (STMP)?*

The Tucker Trails Master Plan will focus on identifying greenway trail opportunities for both bicylists and pedestrians. The STMP will look at all aspects of transportation, including sidewalks for pedestrians and on road bike facilities.

## *How can I get involved?*

Please come to the public meeting and provide important input and feedback for the planning of the Tucker PATH!
